

# Assessing learning in English

The ETA has received a grant from the Australian Government Quality Teacher Programme for a project to assist teachers in assessing student learning. The program will involve workshops in your local area to develop resources for your school using best practice in assessing student learning in English. These workshops will be free of charge.

Formative assessment could include:

- 1. Whole-class diagnostic work
- 2. Reading public assessment results.
- 3. Close literacy diagnosis

Summative assessment approaches could include:

- 4. Linking criteria to outcomes and developing rubrics
- 5. Self-assessment
- 6. Peer assessment
- 7. Corporate marking

ETA will provide online resources on these topics to support local workshops to develop a range of school based assessment strategies and materials for your students. These workshops will be further supported through online discussion.

If you wish to be involved in face-to-face or online workshops developing any of these, please contact [PD@englishteacher.com.au](mailto:PD@englishteacher.com.au) using the subject line *Assessment Project* identifying

- your school, its address and phone number, and your mobile number
